

Memorandum

Date: November 8, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(A)(5)

From: Carlos A. Gimenez
Mayor

Subject: Ratification of Change Order No. 1 for the Asbestos Hazardous Material
Removal Contract, ITB-MDAD-03-06, Increasing the Amount by \$501,250

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution ratifying the actions of the County Mayor pursuant to the provisions of the Aviation Department's Expedite Ordinance No. 95-64, codified as Section 2-285 of the Miami-Dade County Code, approving Change Order No. 1 to the Asbestos Hazardous Material Removal Contract between the Miami-Dade Aviation Department (MDAD) on behalf of Miami-Dade County and the following three remaining contractors in the pool:

1. LVI Environmental Services, Inc.
2. MCO Environmental, Inc.
3. DPC General Contractors, Inc.

Change Order No. 1 increases the contract amount by \$501,250 (including the Inspector General account in the amount of \$1,250) and will be awarded on a project basis to the lowest responsive, responsible bid from the three companies for the purposes described in this memorandum.

SCOPE

CHANGE ORDER NO.: One (1)

PROJECT NAME: Asbestos Hazardous Material Removal Contract

PROJECT NO.: ITB No. MDAD-03-06

PROJECT DESCRIPTION: The Asbestos Hazardous Material Removal Contract was awarded on April 24, 2007, pursuant to R-382-07, to a pool of contractors as follows:

1. Project Development Group, Inc. (No longer in business)
2. LVI Environmental Services, Inc.
3. MCO Environmental, Inc.
4. DPC General Contractors, Inc.

As projects arise, they are competitively bid among the contractors and awarded based on the lowest responsive, responsible bid. The Asbestos Hazardous Material Removal Contract includes mold abatement; contaminated soil removal; transportation and disposal; demolition and

reconstruction as needed; underground storage tank removal; Polychlorinated Biphenyls (PCB) transformer removal; lead paint removal; petroleum hazardous material handling; and removal or abatement of anything that is or may be considered an environmental hazard, remediation, code violation work, and/or any environmental work assigned by MDAD.

JUSTIFICATION:

Due to the uncertainties involved in hazardous material remediation, additional funds are required to finish the West End Cargo Area parking lot project at Miami International Airport (MIA).

This project involves removal of the existing parking lot pavement, excavation, removal and disposal of the existing environmental hazard/contamination, and return of the site to a usable parking lot in accordance with the plans and specifications. The extent of the contamination has exceeded the environmental analysis and requires excavation and disposal of the contaminated soil and replacement with clean material.
